## SUMMARY

---

BCCA graduate with a solid foundation in commerce and computer applications, combined with practical experience in frontend development. Skilled in building responsive, user-friendly web interfaces using HTML, CSS, JavaScript, and React.js. Adept at blending business knowledge with technical expertise to deliver efficient digital solutions. Seeking to contribute creativity and problem-solving skills in a dynamic software development role.

## PROJECTS

---

### Sundown Studio – Interactive Portfolio Website

(Live Demo)

2025

Personal Project

- Built a modern, agency-style portfolio website featuring smooth animations, scroll effects, and interactive UI components.
- Implemented the front-end using HTML, CSS, JavaScript, and React with reusable components and optimized rendering.
- Developed a fully responsive layout compatible with desktops, tablets, and mobile devices.
- Deployed the site on Vercel with automatic builds, fast CDN delivery, and production-ready performance.

### 3D Animation Website – Interactive 3D Landing Page

(Live Demo)

2025

Personal Project

- Designed and built an immersive 3D landing page featuring smooth animations, model interactions, and dynamic motion effects.
- Implemented the UI using HTML, CSS, JavaScript, and React, integrating 3D assets for an engaging visual experience.
- Optimized performance by using lightweight models, responsive layout techniques, and efficient rendering strategies.
- Deployed the website on Vercel with fast CDN delivery and seamless cross-device compatibility.

### E-Commerce Platform – Mern-Stack Home Automation Website

(Live Demo)

2025

University Project

- Developed a fully functional e-commerce web application with product browsing, cart management, and secure checkout flow.
- Built a responsive front-end using HTML, CSS, JavaScript, and React to deliver a clean and intuitive shopping experience.
- Integrated dynamic product rendering, state management, and reusable components for scalability and maintainability.
- Deployed the platform on Vercel with optimized performance, fast CDN delivery, and mobile-first design.

## TECHNICAL SKILLS

---

- **Languages:** Java, Python, C/C++, JavaScript, TypeScript, HTML/CSS, SQL (PostgreSQL)
- **Frontend:** React, Tailwind CSS, Material UI
- **Backend:** Node.js, Flask, FastAPI, REST APIs
- **Tools & Platforms:** Git, GitHub, Cursor, VS Code, Eclipse, Vercel
- **Databases / Cloud:** PostgreSQL, Google Cloud Platform

## EDUCATION

---
